

# STYLE WATCH

Blake Lively shows off ruffled blonde locks.

## HOW CAN I GET THE PERFECT BEACHY TEXTURE?

- **Prep your tresses** Apply a texturizing spray to damp hair from roots to ends, says Hawkins. Then add a volumizing mousse for hold and body.
- **Amplify waves** Twist 1" to 1.5" sections around your finger; then loosely pin coils to your head, says Arrojo. Diffuse or air-dry, or set hair before bed for a sexy, slept-in look, suggests Danilo.
- **Break it up** Scrunch in a bit of grooming cream to loosen up the look and create separation.

**Salt Spray**  
Makes it look like you swam in the ocean.
